Application Guidelines

Curriculum Vitae

Should be brief, and must include tertiary education and any employment or project experience. However, if you are applying for the Master of Property Studies please supply a detailed CV to illustrate your managerial experience.

Statement of Research Interest

Lincoln University requires PhD and Masters applicants to submit a 'Statement of Research Interest'. Not applicable to Master of Property Studies.

The Statement of Research Interest is used by the University for two main purposes:

1. To assess your relative preparedness for postgraduate study
2. To assist with matching you with appropriate supervisors.

Note that your statement need only be two to three pages in length, but it must be written in your own words. If you have already prepared a draft research proposal, you may submit this as your statement. Whilst the Statement of Research Interest is not mandatory for those applying for a Postgraduate Certificate or Diploma, we encourage you to submit one since at times additional information will aid your application.

If applying for Masters please use the following guidelines:

- Write about a couple areas of study you have particularly enjoyed and/or would like to pursue further at postgraduate level
- Describe one or two projects that you have undertaken as part of your previous degree work or employment that are relevant to these areas.

If applying for PhD or Masters by thesis only, please use the following guidelines:

- Include at least a page on the background to the problem, issue or area that you propose to research. This should set the research into its context and include a few citations to key literature
- State the overall research aims or research hypotheses to be tested, i.e. what the research will attempt to accomplish
- Describe a proposed approach for the research, i.e. the steps that you could follow to fulfil the research aim or test the research hypothesis
- Include full references for any literature referred to in your statement
- Submission of a statement does not commit you or the University to undertake the proposed research. Your eventual research project will emerge as the result of negotiation between you and the research advisors
- The statement is not the same as the formal research proposal that you will produce for your thesis (although the statement may be helpful in developing the full proposal)
- You are strongly urged to discuss your research interests with an advisor before submitting your application. The advisor will be in a position to provide feedback on a draft of your statement.

If applying for the Executive Development Programme please use the following guidelines:

Please complete the Application for Admission to *Postgraduate Study Domestic and International Students form*. **Information specific to Executive Development Programme applications.**

Master of Property Studies:

- Department of Farm Management & Property

Qualifications and Academic Records

You must submit either originals or verified true copies of your academic transcripts. This should also include the following:

- Courses taken and marks/grades achieved
- Key to the grading system
- Confirmation that you have completed the course requirements or graduation certificates (if applicable).
